

Maharishi's Programme in India

India — Veda Bhūmi, Deva Bhūmi, Pūrna Bhūmi Bhārat — to radiate the nourishing influence of Natural Law in every country.

Vedic Health enlivens the inner intelligence of the body and thereby maintains the vitality of the physiology, and also maintains a healthy relationship between the body and its counterparts in the physiology of the Cosmic Body — the Sun, Moon, planets, and stars — through Jyotish, Yoga, Sthapatya Veda, Dhanur-Veda, and all other aspects of the Vedic Literature.

These values of health are not available in any of the prevailing systems of health care, due to which the present health care system is not only incomplete, but it has been found to be dangerous.

'Discovery of the Veda and Vedic Literature at the basis of human physiology offers a perfect system of health care on the basis of the complete knowledge of Natural Law available within the intelligence of the body of everyone. This Vedic System of Health Care supports health from the level of the infinite organising power of Natural Law.'

— Maharishi

Maharishi's Vedic Health Care

Perfect health can only be achieved through a holistic approach that takes care of all the values that constitute health.

Each aspect of the body, as described by modern anatomy, has a quality of the inner intelligence of nature associated with it. It is the lack of integration between the physiology and its inner intelligence that causes disorder and introduces disease.

Maharishi's Vedic Health Care enlivens all the forty qualities of intelligence — the forty structures of Natural Law, the Veda and the Vedic Literature, that are available in the Atma, the Self, and are the intelligence at the basis of the structure and function of the individual physiology.

Maharishi's prevention-oriented Vedic Health Care is holistic and most basic; that is why it is free from harmful side-effects. It maintains balance between the body and its own inner intelligence, and between the inner intelligence of the individual, the collective consciousness of society, and the Cosmic Intelligence of the universe.

The Values that Constitute Health

The territory of Natural Law ranges from the infinite field of the unmanifest to the infinite field of the manifest; from the holistic value of infinity to the holistic value of infinity is the total value of Natural Law, which includes all the diversified values of different Laws of Nature within its holistic value.

That is why health, which is defined as WHOLENESS, is structured in both HOLISTIC and SPECIFIC values of Natural Law in a fully integrated and balanced state.

Unless the knowledge of this total field of Natural Law is considered, holistic health will not be available, and total health — total balance — will always be lacking.

The use of the modern scientific approach to health has demonstrated the limitations of modern medicine. Medicine-oriented health care alone is not enough to offer perfect health. Health care should take care of the holistic value of health, and also of all the specific values that constitute health:

- Physiology
- Intelligence at the basis of physiology
- Influence of the environment
- Influence of buildings in which one lives or works
- Influence of the distant environment: sun, moon, planets, stars
- Influence of collective health on society

Creating a Disease-Free, Healthy, Enlightened Society

The effectiveness of Maharishi's Vedic Health Care lies in its ability to utilise the total intelligence of Natural Law at the basis of the human physiology — to utilise that holistic value of Natural Law which structures the physiology and integrates the functioning of all aspects of body and mind. As a result, thought and behaviour are spontaneously more in harmony with Natural Law, which is the basis of good health.

Maharishi's Vedic Approach to Health proceeds on the road of balance between the holistic and specific values of Natural Law. It starts from any level of imbalance and, eliminating imbalance, arrives at the level of balance — integration of mind, body, behaviour, and environment.

A perfectly healthy person lives in the state of enlightenment, with the natural ability to spontaneously use the total organising power of Natural Law to accomplish any goal without strain. Ill health is fundamentally due to violation of Natural Law caused by lack of knowledge of Natural Law. Lack of knowledge of Natural Law weakens the individual and creates stress in society.

Maharishi's Vedic Approach to Health promotes individual and collective health through knowledge of Natural Law with all its expressions in material creation. It brings life increasingly into accord with Natural Law.

When the total intelligence of Natural Law is fully awake in every part of the physiology, then Maharishi's Vedic Health Care enjoys fulfilment. In this balanced state of health there is perfect synchrony between the functioning of every individual cell and holistic functioning of the whole body, and between the intelligence of the individual parts of the physiology, the holistic intelligence of the physiology, and Cosmic Intelligence which manages the whole universe. With this complete integration all thought and action are spontaneously in harmony with Natural Law and the individual naturally enjoys good health.

Maharishi's Vedic Approach to Health is destined to create a disease-free, healthy, enlightened society.

अक्टूबर माह आश्विन कृष्ण प्रतिपदा दिन सोमवार से प्रारम्भ होकर कार्तिक कृष्ण पक्ष द्वितीया दिन बुधवार पर्यन्त रहेगा।

इस माह में पड़ने वाले विशिष्ट पर्व त्यौहारों का माहात्म्य निम्नांकित है।

आश्विन कृष्ण पक्ष - आश्विन कृष्ण पक्ष को पितृ पक्ष एवं महालय के नाम से भी जाना जाता है। शास्त्रों में मनुष्यों के लिये देव-ऋण, ऋषि-ऋण और पितृ-ऋण - ये तीन ऋण बतलाये गये हैं। पितृ पक्ष में श्राद्ध के द्वारा पितृ ऋण से मुक्ति का उपाय भी बतलाया गया है। जिन माता पिता ने हमारी आयु आरोग्य और सुख सौभाग्यादि की अभिवृद्धि के लिये अनेक यत्न किये उनके ऋण से मुक्त न होने पर हमारा जन्म ग्रहण करना निरर्थक होता है। उनके ऋण से मुक्त होने में कोई बहुत ज्यादा धन की भी आवश्यकता नहीं है। केवल वर्ष भर में उनकी मृत्यु-तिथि को सर्व सुलभ जल, तिल, यव, कुश और पुष्पादि के द्वारा उनका श्राद्ध सम्पन्न करके गो-ग्रास देकर अपनी सामर्थ्यानुसार तीन या पाँच ब्राह्मणों को भोजन करा देने मात्र से पितृ ऋण से मुक्ति मिल जाती है। अतः इस सरलता से साध्य होने वाले कार्य की उपेक्षा नहीं करनी चाहिये। जिस तिथि को माता-पिता आदि की मृत्यु हुई हो, आश्विन कृष्ण पक्ष में उसी तिथि को श्राद्ध-तर्पण गो-ग्रास और ब्राह्मण-भोजन करना कराना चाहिये। इससे पितृगण प्रसन्न होते हैं और हमारा सौभाग्य बढ़ता है। तथा पितृऋण से मुक्ति मिलती है।

इन्दिरा एकादशी व्रत - आश्विन कृष्ण एकादशी को इन्दिरा एकादशी के नाम से जाना जाता है, इस एकादशी का व्रत रखने से सब प्रकार के पाप दूर होते हैं। प्रातः स्नानादिक करके भगवान् विष्णु का पूजन करना चाहिये फिर हरि स्मरण करते हुए रात्रि जागरण करना चाहिये।

उपांग ललिता पंचमी व्रत - आश्विन शुक्ल पंचमी को उपांग ललिता देवी का पूजन किया जाता है। इस दिन अपामार्ग की जड़ की दातुन करने का विधान है, फिर इसके बाद एकादश स्नान करना चाहिये फिर सफेद वस्त्र धारण करके उपांग ललिता देवी का यथा लब्ध उपचार से पूजा करनी चाहिये। रात्रि में चन्द्रोदय होने पर उन्हे अर्घ्य देकर फिर अगले दिन विसर्जन करना चाहिये। महाराष्ट्र में यह व्रत ज्यादा किया जाता है।

महाअष्टमी व्रत - आश्विन शुक्ल पक्ष अष्टमी को देवी की उपासना के अनेकों अनुष्ठान को प्रचलन है, इस कारण इसे महाअष्टमी कहते हैं। इस दिन देवी शक्ति धारण करती है। महाअष्टमी को प्रातः पवित्र होकर भगवती का वस्त्र, शस्त्र, छत्र, चामर तथा राज चिन्हादि से पूजन करना चाहिये। इस दिन अर्द्ध रात्रि में बलि प्रदान करने की भी प्रथा है।

महानवमी व्रत - आश्विन शुक्ल नवमी को भगवती की प्रतिमा के पास ध्वजा, पताका, पुष्प-माला, वन्दन वार इत्यादि से सजावट करके षोडशोपचार भगवती का पूजन करके, हवन करना चाहिये फिर अनेक प्रकार के पकवानों का नैवेद्य भगवती को अर्पण करके कुमारी कन्या का पूजन करना चाहिये तथा कन्याओं को मिष्ठान खिलाकर यथा शक्ति दक्षिणा देकर विदा करना चाहिये। आभूषणादि, श्रृंगार सामग्री के साथ भगवती का अन्तिम पूजन करके नाना प्रकार के उपहार अर्पण करने का विधान है। इससे भगवती की कृपा प्राप्त होती है और कुटुम्ब में सुख-शान्ति समृद्धि का अभिवर्धन होता है।

इस माह (अक्टूबर) में पड़ने वाले व्रत-पर्व एवं त्यौहारों की तालिका इस प्रकार है

"India Growing in Positivity with Rise of Coherence in Collective Consciousness"

India: Manufacturing PMI up to 52.9 in October

India's manufacturing growth inched up in October from September's 10 months low, supported by a pick up in new orders and an easing of price pressures, a survey released on Thursday showed. The HSBC manufacturing purchasing managers' index (PMI), which gauges the business activity of India's factories but not its utilities, nudged up to 52.9 in October from 52.8 in September. The index has remained above 50, which divides growth and contraction, for over three and a half years.

India and Pakistan to resume cricket ties

India and Pakistan will resume bilateral cricket ties with a Twenty20 international in Bangalore on 25 December 2012, the Indian cricket board (BCCI) said on Thursday. Bilateral cricket between the nuclear-armed neighbours were suspended in 2008. The last series between the two sides was Pakistan's tour of India in 2007 although Pakistan travelled to India to play the 50 overs World Cup semi-final in Mohali last year.

Indian government to pay subsidies to poor in cash

The Indian government is preparing to directly transfer cash to the bank accounts of millions of poor people who often become victims of fraud and theft in the government distribution system covering social welfare programmes. 'It will help the government in ensuring that subsidy reaches its intended beneficiaries directly and the poor will not have to run from pillar to post to claim their rights,' said Sonia Gandhi, the governing Congress party's leader.

India: Index jumps 181 points ahead of festive season

The Bombay Stock Exchange Sensitive Index rose as auto makers and property developers gained on hopes of increased sales of big-ticket items during the looming festival season, while lenders rose on hopes of higher retail loan demand. Domestic shares gathered momentum after a slew of Chinese data boosted optimism about the health of the world's second-largest economy, sending Asian indexes higher.

India industrial output rose 2.7 per cent in August

India's Industrial production in India rose 2.7 per cent in August, which was more than expected. A CNBC-TV-18 poll had forecast a rise of around 1 percent in industrial production. Mining output rose 2.0 per cent, a bounce for the troubled sector, which posted a 5.5 per cent contraction a year earlier. Manufacturing rose 2.9 per cent and electricity output increased 1.9 per cent from the year before. August's uptick was the biggest rise in industrial output since February, according to Fact Set.

Hindi to be taught in Australian schools

Australia unveiled an ambitious plan to forge deeper links with India and other booming economies of the region, including through teaching languages like Hindi and Mandarin in its schools.

Celebrating 'a continuum of eternal victory, that is the reality of life' - Maharishi

The Global Country of World Peace celebrated Victory Day, the festival that celebrates the victory of administration based on total Natural Law to promote an ideal state of life in which 'suffering belongs to no one'. In an address on this occasion in October 1999, Maharishi Mahesh Yogi explained that the Veda, total knowledge of Natural Law, expresses the potential of every individual as Brahm, Totality. This is not a philosophical concept, Maharishi said: in this scientific age, it is a physical reality of the individual and of the whole universe. 'This is not anything that one has to achieve, this is the reality that one is. In this perspective, life is a continuum of eternal victory. So today is the day of victory continuum. Eternal victory, that is the reality of life.'

India: Historic inauguration of daily Vedic performances for world peace held at centre of nation

20 October, marked a highly significant milestone in Maharishi Mahesh Yogi's programme to create permanent world peace. Today the inaugural daily performance of Ati Rudrabhishek — a special Vedic performance for world peace—was conducted by 1,331 Maharishi Vedic Pandits (peace-creating experts) in residence at the Global Capital of World Peace in the centre of India. The performances will continue every day throughout the coming year, to enliven a sustained and powerful influence of peace in world consciousness.

Thailand: Transcendental Meditation part of leadership training in girls' school

At the highly respected Dhammajarinnee Witthaya School in Thailand, many of the students practise Transcendental Meditation regularly as they are educated to become successful leaders, educators, and mothers. The boarding school has helped hundreds of girls, who otherwise would have had no opportunity to go to school, receive a kindergarten to 12th grade education.

David Lynch Foundation UK attends Global Impact conference

The David Lynch Foundation UK was recently invited to participate in a top-level discussion forum at the Houses of Parliament in London, sponsored by the Global Impact Institute, part of an initiative by the US State Department and other governments to promote positive social change and eliminate conflict and injustice in the world. Attending were 120 'movers and shakers' of the world, including representatives of the UN, the US and British governments, and other leaders of society. 'Everyone without exception was interested in Maharishi Mahesh

Yogi's programmes,' commented Dr. Peter Warburton, Chairman of Maharishi Foundation UK. 'We had the opportunity to let everyone know that whatever development programme is taking place in the world, without Transcendental Meditation to develop human resources, no project will be fully successful since the people will all be unchanged.'

\$2.4 million grant to support research on PTSD in veterans

Maharishi University of Management Research Institute and a Veterans Administration centre have together received a US\$2.4 million federal grant to study the effect of the Transcendental Meditation programme on post-traumatic stress disorder (PTSD) in veterans.

'A deeper harmony, much easier to work together':

Cancer centre founder praises Transcendental Meditation effects on staff

Ravi Patel, M. D., founder and director of the Comprehensive Blood and Cancer Centre in California, USA, describes the positive effects he has seen throughout the Centre since he began offering instruction in the stress-reducing Transcendental Meditation technique to employees as part of a company wide wellness programme: 'Anybody can come and walk around our building, anytime actually, and they'll notice all the people are happy, the patients are happy, and the staff is happy.'

Transcendental Meditation promotes integrated brain functioning

Electro-encephalographic (EEG) studies showing high levels of brainwave coherence during practice of the Transcendental Meditation technique, along with studies that show synchronized alpha power in the frontal cortex, have established the EEG signature for the state of 'restful alertness' commonly experienced during TM practice. Research shows that regular practice of Transcendental Meditation leads to long-term changes in brain function, as seen in meditators who experience this restful alertness throughout their daily activity and are found to display the EEG signature of restful alertness even outside of their TM practice.
